

## **Travel Insurance**

Taking out cancellation/travel insurance is highly recommended from the day you pay your deposit to insure against the loss of deposit or whole charter fees in the event of having to cancel your charter booking, or cancellation due to weather or force majeure.

Your insurance should also cover lost baggage, personal items and medical expenses.

The Australian company Travel Insurance Services or 1Cover can cover you, linked below.

However please take responsibility for checking your policy for details.

## **Domestic visitors**
